EXPERIENCE

Logistics Summer Intern
Flow Progressive Logistics | Jul 2026 – Aug 2026

- Gained hands-on exposure to warehouse operations across Flow's automated Distribution Center (KAEC), Jeddah Hub, and Head Office.
- Learned inbound/outbound operations, inventory management, order fulfillment, cross-docking, and first-, middle-, and last-mile logistics.
- Observed automated warehouse systems and supported operational planning using WMS tools, warehouse KPIs, and inventory tracking.

Vice President
IEOM Society (Industrial Engineering and Operations Management Society) Student Chapter – Effat University | Sep 2026 – Present

- Support club leadership, activity planning, and coordination of student initiatives.
- Help organize industry visits, guest speakers, and educational events related to industrial engineering, operations, and supply chain management.
- Coordinate with companies and professionals to create industry engagement opportunities for students.

Content Creator | AIAS, Effat University 2026–Present

- Create photo and video content for social media and student activities.
- Collaborate with the creative team to plan and produce engaging content.
- Capture events and develop content to strengthen the club's online presence.
